### **Application**

Wax/shave at least 24 hours prior to application to avoid irritation.  
Apply on clean, dry skin. Exfoliate well for the smoothest coverage.  
Do not apply any lotions, creams or deodorants to the skin before use.  
Always wear gloves; blend evenly, paying special attention to elbows, knees, ankles, neck, fingers, toes, etc. Protect eyebrows & eyelashes and other areas you do not wish to tan with a barrier cream.  
Allow to dry for approx 5min before dressing.  
Wear dark, loose-fitting clothes after tanning.  
Avoid physical activity after tanning.  
Do not bathe or shower for at least 12 hours.  
Moisturise daily to ensure your tan lasts longer and wears smoothly.

Famous Dave's Tanning Mousse contains a guide colour (i.e. is tinted) to ensure even application. The guide colour may rub off on your clothes and bedding, however it will wash off easily.

**Remember Famous Dave's Tanner will tan you where you put it – haphazard or sloppy application will result in a blotchy, uneven tan. Patches or streaks are caused by insufficient exfoliation or poor application. NO self-tanner will streak if it is applied evenly.**

CAUTION: For external use only. Avoid spillage and eye contact. Keep out of reach of children. Store in a cool dark place. Discontinue use if irritation develops. Contains no sunscreen.
